We can also supply digital thermometers for a wide range of uses, such as food preparation & medical, as well as a range of digital timers and Ph meters.

Refractometers

Cat.No.	Range
REFRACTBX032	BRIX 0-32 ATC
REFRACTBX040	BRIX 0-40 / BAUME 0-20 ATC
REFRACTSAL0100	SALINITY 0-100% PPT ATC

We have access to a wide range of refractometers, the above being a small sample.

Digital refractometers also available.

Each refractometer comes in a sturdy box, complete with cleaning cloth, screwdriver, pipette and pocket case.

Also available are Standard Solutions at 20°C, to calibrate your refractometers. They are available in a number of Brix percentages, in packs of 15 x 5ml vials. Please contact us for more information.
